We do not desire long articles - We wish some notice of the missionary operations - sketch of what we could have them - of the Monthly Concert regularly - & other operations else that occur. We shall be happy to hear from you, as soon as may consist with your convenience.

Very Respectfully

We regard it as quite important that it be fairly, kindly, yet faithfully portrayed to the Christian public - May we depend upon you for a report of it?

We very gladly embrace the proposal of an occasional letter from Boston. We have been anxious to have a steady & constant Correspondent from that city, - writing short & readable letters about the
